1. Introduction

At the dog-friendly **GRAND HOTEL ZELL AM SEE**, we understand that your four-legged friend is part of your family and your adventures. That's why we want to make sure that your faithful companion is not missing on holiday. In the Zell am See-Kaprun region, you can expect numerous opportunities for a relaxing and at the same time eventful holiday with your dog, where you can explore and enjoy many places of power together. Below you will find all the relevant information and tips: from dog zones & free-running areas, dog waste disposal stations, dog-sitting service, specialist shops, and excursion destinations.

2. Our dog welcome package

You and your four-legged friend are very welcome at the **GRAND HOTEL ZELL AM SEE**. With love provided by us for your stay:

- · Welcome treat
- · Cosy dog blanket
- · Food and water bowl
- · Cosy dog bed

You are also welcome to take your four-legged friend with you for breakfast and dinner in our Jägerstüberl. We charge a total of \leqslant 25.00 per pet / night.

3. Safety & hygiene regulations

- · For safety reasons, please do not leave your dog unattended anywhere in the hotel complex.
- · Dogs must be kept on a lead in the indoor and outdoor areas of the hotel complex.
- Please understand that your dog is not allowed in the restaurant or wellness area (including the GRANDSPA & Classic Spa) for reasons of hygiene. Neither are they allowed on the sunbathing lawn at the hotel's own beach.
- · If your dog needs to be walked, then you have the beautiful and unspoilt shores of Lake Zell, where you can take long walks, right on your doorstep. Please dispose of your dog's droppings using the "dog waste bag" and the waste bins provided in the outdoor area.
- If you plan to go out without your dog, we kindly ask you to keep the time you are away as short as possible so that other guests are not disturbed by any barking. You are welcome to make use of the dog-sitting service in the region.

3. Safety & hygiene regulations

- · Any damage and/or heavy soiling caused by your dog in the room or garden must be reimbursed by the dog owner.
- · It is important to note that in the entire municipal areas of Zell am See and Kaprun a muzzle or leash obligation applies in public areas; only assistance dogs are exempt from this.

4. Dog zones & off-leash areas

Fortunately, in Zell am See-Kaprun, there are designated dog zones where it is possible to frolic without the need for a muzzle or leash. One such zone is located at the Erlberg bathing spot, right next to a nature reserve with a wonderful walking trail. Additionally, the area of Klammsee in Kaprun offers a dog off-leash area - there, your four-legged friend can fully expend their energy.

It should also be emphasised that your loved one can swim at all beach sections along Lake Zell - with the exception of the public lidos.

5. Consideration for the environment

Please remember to always have a dog waste bag with you. You will find practical waste disposal stations throughout the area and especially near the dog zones, which help to dispose of dog poo properly. This is not only important for reasons of hygiene and out of consideration for other hikers, walkers and cyclists, but above all because dog faeces can cause damage to sensitive natural ecosystems. So please always remember to be suitably equipped when you go out exploring with your four-legged friend!

6. In case of emergency

Kleintierzentrum Bruck
Sportplatzstraße 1b
5671 Bruck an der Glocknerstraße
+43 6545 6850

7. Dog-sitting service

If you are planning a wellness day or an excursion where your four-legged friend can't be with you, there is a reliable dog-sitting service in the region that will lovingly look after your dog.

Antje Arnzig

On-site dog care 5700 Zell am See, Schüttdorf +43 670 703 6339 antje.191163@gmail.com

Beate Specht

Pick-up and delivery service 5660 Taxenbach, Bundesstraße 11 +43 664 52 73 858 www.beates-hundebetreuung.at

8. Speciality Shops for dog supplies

In case your dog has forgotten his toys at home or you generally need something for your holiday together, such as dog food, your lead, dog bags or his favourite treats, there are two specialist dog shops in the area where you can stock up on all sorts of things.

Fressnapf

Gletschermoosstraße 33 5700 Zell am See

Dogstyler

Zeller Bundesstraße 17 5760 Saalfelden am Steinernen Meer

9. The most beautiful excursion destinations

Schmittenhöhe cable cars

Experience an unforgettable hike up the Schmittenhöhe – the perfect excursion mountain for the whole family. Important information for dog owners: A leash and muzzle are required when using the cable car. Muzzles can be rented at the valley station for a fee. Dogs also need a separate ticket. Please note that dogs must be kept on a lead throughout the entire hiking area.

Kitzsteinhorn cable cars

To take your dog up to the glacier area or the Maiskogel, a separate ticket is required. Dogs must be kept on a lead and wear a muzzle while in the gondola. It is also recommended to keep your dog on a lead while on the mountain. Please note that dogs are not allowed on the ski slopes – but they are welcome in the mountain restaurants.

Experience unforgettable adventures in nature with your dog

Sigmund Thun gorge

An absolute favourite destination for dog owners! In addition to well-equipped dog parks, there is also a dog park near the lake that allows four-legged friends to roam freely and unrestricted. However, dogs must be kept on a lead in all areas outside these special zones.

Krimml waterfalls & water worlds

The Krimml waterfalls offer a unique natural experience where you can marvel at the impressive spectacle of thundering masses of water. A refreshing cool-down awaits you, revitalising the senses. The surrounding water worlds enhance this natural wonder. However, out of consideration for nature and other guests, please keep your dog on a lead.

10. Look after grazing animals together

We would like to point out that you can pass many grazing animals in the region on your excursions to the mountains and mountain pastures. It is important to observe a few necessary rules so as not to frighten the grazing animals.

- · Keep well clear of suckler cow herds!
- · Do not touch their young under any circumstances!
- · Always keep your dog on a lead!
- · In an emergency, however, let the dog run, so that it can bring itself to safety!
- You should remain calm, retreat very slowly and calmly and above all: do not run away!

11. Golf-fun on four paws

You can also bring your four-legged friend to the Zell am See-Kaprun Golf Club. Dogs are allowed on the Kitzsteinhorn and Schmittenhöhe courses. Understandably, certain rules also apply on-site, which not only ensure safety but also health. In addition to the obligation to keep your dog on a lead without exception, please take into account the sun and shade situation on the golf course and make sure there are enough shady spots - for you and your pet.

Please register your animal companion at the golf course reservation desk.

Enjoy your holiday together with your dog at the Grand Hotel

- Breakast & dinner together with your dog
- · Cosy dog bed
- · Pure nature around Lake Zell and the hotel
- · Welcome treat, food & water bowl
- Cosy dog blanket
- · Exciting excursion destinations in the region
